M Sathi 9110' CAR tracking device

†4616. SHRI MANOHAR JOSHI: Will the Minister of COMMUNICATIONS AND INFORMATION TECHNOLOGY be pleased to state:

whether Government's attention has been drawn towards a car tracking device "M Sathi 9110" which acts like G.S.M. Modes and could be of great help in preventing car theft;

if so, the details with regard to its usefulness, total cost etc.; and

(c) whether Government would consider to make it mandatory if Government think that the said device could prove effective to some extent?

THE MINISTER OF STATE IN THE MINISTRY OF COMMUNICATIONS AND INFORMATION TECHNOLOGY (DR, SHAKEEL AHMAD): (a) and (b) As per Automotive Component Manufacturers Association of India (ACMA) and Society of Indian Automobile Manufacturers (SIAM), there are number of companies in India that are offering vehicle tracking systems including a car tracking device. With this system, the vehicle owner as soon as received any disaster alert like fire, intrusion etc. can remotely activate a bugler sound or radio etc. through mobile. The cost of such a system ranges from Rs. 9,000/- to Rs. 20,000/- depending upon the features opted for by the consumer. In addition, there is monthly charge to be paid by the consumer to the service provider.

(c) As such a system would have an impact on the cost of vehicle and monthly recurring charges, the provisioning of the same should be at the discretion of vehicle manufacturer and consumer.

Expansion of Speed Post services

4617. SHRIMATI SUPRIYA SULE: Will the Minister of COMMUNICATIONS AND INFORMATION TECHNOLOGY be pleased to state:

(a) whether Department of Posts is expecting a revenue of Rs. 500 crore in the current fiscal through expansion of its courier service, Speed

†Original notice of the question was received in Hindi.

Post in 18 more cities to tap the burgeoning market and is eyeing the entire country for expansion services in order to better its revenues and to counter the increasing competition from private courier service companies;

whether the Speed Post revenue crossed Rs. 408 crores during 2005-06 and Government are expecting this to go beyond Rs. 500 crores in the current year; and

if so, by when the entire country would be covered under this Speed Post Service?

THE MINISTER OF STATE IN THE MINISTRY OF COMMUNICATIONS AND INFORMATION TECHNOLOGY (DR. SHAKEELAHMAD): (a) The Department of Posts is expecting a revenue of Rs. 500 crores from the Speed Post Service in 2007-08. The National Speed Post network was extended to eighteen more cities on 01-01-2007. It was further expanded to twenty five cities on 01-03-2007 and to another fifty five cities on 02-04-2007. The details of the new National Speed Post Centres are given in the Statement (See below).

The Department of Posts earned Rs. 408 crores from Speed Post Service during 2005-06 and Rs. 449 crores during 2006-07. It is expected to earn revenue of Rs. 500crores during 2007-08.

The network of Speed Post Service is extended as required taking into account the market requirements, customer needs, expected business, transport facilities available etc.

Statement
